Ali Akawi
Arab Publishing Partners
P.O. Box 502547, Dubai
United Arab Emirates

Dear Mr. Akawi,

On behalf of Dubai Cares, I would like to thank you for your kind contribution and invaluable support. The generous donation of AED 106,600 made by Arab Publishing Partners will certainly make a difference in the lives of children globally.

Since our launch in 2007 by His Highness Sheikh Mohammed Bin Rashid Al Maktoum, Vice-President and Prime Minister of the UAE and Ruler of Dubai, we have reached 14 million beneficiaries in 41 developing countries around the world. We would not have been able to achieve this success in such a short span of time had it not been for the generosity of the UAE community at large, including businesses and individuals. It is with this collective effort that we are able to achieve widespread change and long-lasting impact around the world.

Education is an essential right of every individual and the most effective tool to breaking the cycle of poverty. We breathe this truth into everything we do, and it is this belief that guides our objective to eliminate as many obstacles preventing children from receiving an education. This is done through the implementation of programs that range from building and renovating schools and classrooms, to improving water, sanitation and hygiene in schools, to enhancing the health and nutrition of students, as well as teacher training, curriculum development, literacy and numeracy. Another main focus is gender equality which is a cross-cutting theme across all of Dubai Cares' education programs with an approach that aims to secure equal access for boys and girls to safe learning environments with adequate facilities, materials and academic support from qualified teachers and engaged communities.

While we are proud of our accomplishments to date, we acknowledge that we still have a long way to go. Current studies show that there are around 58 million school-age children worldwide who do not go to school. With your continued support, Dubai Cares can reach more underprivileged children and change their future forever.

Thank you once again for your generous support

Sincerely,

Amal Al Redha
